### Summary of Professional Experience:

Experienced professional engineer with over 25 years in Civil Engineering Design and Construction. I'm a Public Servant, with a track record of outstanding leadership and outstanding Accomplishment Awards in Toll Bridge design for several transportation infrastructure projects across Northern California.

- I worked as a staff Professional with a Geotechnical Company Kleinfelder in Pittsburg, CA  
During my time with them, I was in charge of field exploration, Geotechnical soil lab test interpretation and Produced Geotechnical report per the Licensed Geotech Professional Recommendations of Foundations for structures.  
This included Alhambra Road Widening in Martinez, The extension of the City of Discovery Bay, CA, The city of Brentwood and Antioch new development.
- I worked for the Oakland San Francisco Bay Bridge from the Seismic safety design of the Foundation to the delivery of the New Bridge to the people of California starting with one of the most busiest interchange in the USA, with an average 300,000 vehicles crossing per day, Bay Bridge West Approach.
- I worked with the Design Team for the new Bridge on HWY 780 and I 80 In Vallejo.
- I worked with the Design Team for San Francisco Bay Bridge Replacement,
- I Pioneered a pilot program in Toll Bridge Design as a Utility Engineer Work Group and today it is a great pleasure to see that from the pilot program, a new Department was created from our delivery of Projects.

### Education:

1991 Baccalaureate F4, Civil Engineering in Cameroon  
1994 BS Degree, Civil Engineering, Technical Institute of Kharkov Ukraine  
1996 MS in Civil Engineering with Emphasis in Public Works, Technical Institute of Kharkov, Ukraine  
1998 Post graduate Study in Ecole Central and Ecole des Travaux Publics De Lyon, France, with research works on Tri Axial Study of Mechanical Behavior of Coarse Sand and Clay  
2006 MS in Civil Engineering with Emphasis in Structure and Earthquake Engineering, San Francisco State University.  
2014 Licensed Financial Professional,

### Professional Memberships

Member, American Society of Civil Engineers (ASCE)

ADDI/ADDH Board Member, Engineer and Architect Sector Director.

I'm a True Panafrikan Leader and was involved in helping to build Hospital in Babouantou at a very young age, a Bilingual school in Libreville Gabon as well as many schools in Cameroon, I used to run 2 nonprofit organizations in the USA one within 50 States and one in Northern California that helped change countless of families lives in the USA as well as in Africa from finding shelter to those who needed in the USA, placing International students in Colleges to helping paying extra tutoring for students in Cameroon with a result of 90% to 100 % successes in all government exams in Babouantou. My Passion of Building Africa is now being incubating in ADDI under the Leadership, the Vision and the Passion of H.E. Ambassador Dr. Arikana.

I'm also a Business Owner, Licensed financial Professional in 25 States with a goal of all 50 States by 2030, Canada English and Quebec who educates, saves and protects families Assets with a Goal of creating \$1 Trillion Dollars Asset to the Diaspora.
