

Professional Biography

Dr. Modestine Djamo

Chief Operating Officer, AIVLYS Solutions | Founder, BOANI Foundation | Executive Leader | Integrative Medicine Doctor | Business Strategist | Healthcare Professional | PMP | CISA

Dr. Modestine Djamo is a distinguished executive, visionary leader, entrepreneur, and multidisciplinary professional whose expertise bridges **healthcare, business strategy, operations, project management, and the petroleum and gas industry**. She holds both a **Doctorate and Ph.D. in Integrative Medicine**, complemented by dual **Master's degrees in Integrative Medicine and Business Administration (MBA)**. Her exceptional academic background and multidisciplinary perspective reflect a lifelong commitment to **innovation, excellence, leadership, and meaningful impact across industries**.

Dr. Djamo currently serves as the **Chief Operating Officer (COO) of AIVLYS Solutions**, where she provides strategic and operational leadership, helping drive organizational efficiency, sustainable growth, and long-term success. In this executive capacity, she brings together her extensive experience in business operations, strategic planning, organizational development, and leadership to help position the company for continued growth and excellence. She is also the **Founder of the BOANI Foundation**, a nonprofit organization recognized under **Section 501(c)(3)** whose mission is to promote **“Healthy Lifestyle for All.”** Through her leadership, Dr. Djamo is committed to building opportunities that improve lives, strengthen communities.

A **licensed Registered Nurse and Certified Project Management Professional (PMP)**, Dr. Djamo has successfully guided small and mid-sized enterprises toward **multimillion-dollar growth** through strategic planning, operational restructuring, project leadership, and transformative business strategies. As a **Certified Information Systems Auditor (CISA)**, she also possesses strong expertise in **compliance, information systems, cybersecurity, risk management, and vendor management**, strengthened through professional collaborations with major institutions including **Medstar Washington Hospital, Navy Federal and TransAmerica**.

With more than **20 years of executive experience as an Administrator in the petroleum and gas industry**, Dr. Djamo has demonstrated exceptional ability in managing complex operations, optimizing organizational performance, and driving sustainable profitability. Her strategic foresight, analytical expertise, and ability to navigate high-stakes environments have established her as a trusted executive, advisor, and decision-maker.

Before building her distinguished corporate and professional career, Dr. Djamo was an **elite athlete and one of Cameroon's outstanding basketball players**. Her achievements in competitive sports developed the discipline, resilience, teamwork, focus, and determination that continue to define her leadership philosophy today.

As a **business coach, strategic advisor, and executive leader**, Dr. Djamo empowers entrepreneurs, organizations, and emerging leaders to pursue sustainable growth, operational excellence, and long-term stability. She is passionate about developing people, strengthening organizations, and transforming vision into measurable results.

Fluent in **English and French**, with professional proficiency in **German**, Dr. Djamo operates confidently in global and multicultural environments. Her rare combination of **medical knowledge, healthcare experience, business intelligence, operational leadership, technological expertise, and executive experience** enables her to approach complex challenges from multiple perspectives. Dr. Modestine Djamo represents a powerful combination of **intellect, discipline, leadership, resilience, and vision**. Her professional philosophy is grounded in one fundamental principle: **lead with excellence, serve with integrity, and create opportunities that make a lasting difference**.
